

INNOVATIVE OIL CONDITION MONITORING SOLUTIONS

OLA-D93

Flash Point Tester

(Pensky Martens Closed Cup)

OLA-D93

Characteristics:

- Automatically electrical controlled ignition, the specimen stirring will be stopped automatically while igniting.
- Press one button to switch method A and B with different stirring speed
- Temperature rise controlled by SSR
- Equip the cooling fan can be fast cooling, shorten the time for the next test

Specifications:

- Standard test methods : GB/T261 ASTM D93
- Heat rate : Adjustable
- Temperature test range : 40°C~300°C
- Dimensions : 380×280×400(mm)
- Weight : 11.5kg
- Power supply : AC220V±10% 50Hz 600W

Standard:

No.	Name	Qty
1	Fuse $\Phi 6 \times 305A$	3 pcs
2	Test Cup	1 pc
3	Adapter	1 pc
4	PU Tube	2 pcs
